HaloShield® Odor Control Underpad

Salk's odor control underpad is a fresh solution for incontinence odor. Our patented odor-eliminating technology kills 99.9% of odor-causing germs and bacteria on contact and can be recharged by using a small amount of Chlorine Bleach when laundering. Our reusable odor control underpad eliminates the odor, embarrassment and hassle that accompany incontinence. A major development in antimicrobial protection, these underpads are ideal for adding an extra layer of protection to bedding and chairs. This underpad is available in 5 sizes.

- Ultra-soft layers won't irritate sensitive skin
- An economic and eco-friendly alternative to disposables
- Protection guaranteed by a moisture-wicking top layer and super absorbent inner layer
- Underpad dimensions are approximate

A fresh solution for urine odor, Salk's HaloShield® Women's Odor Control Panties eliminate the odor, embarrassment and hassle that accompany incontinence. The technology contained in our reusable women's undergarment kills 99.9% of odor-causing bacteria on contact and can be recharged by using a small amount of Chlorine Bleach when laundering. Features nylon/lycra stretch fabric with lace trim. Proudly made in the USA.

- Ultra-soft material won't irritate sensitive skin
 - Super absorbent inner layer quickly traps fluids
 - Ultra-soft moisture-wicking top layer keeps you dry
 - An economic and eco-friendly alternative to disposables
- 1 panty per package
- *EPA registered chlorine bleach

DiabetiCare™ Diabetic Foot Cream

Diabetes impairs the body's ability to produce Omega-6 fatty acid, increasing a diabetic's risk of developing severe and chronic dry skin. Salk's DiabetiCare™ Diabetic Foot Cream is specially formulated with Borage* oil, and is clinically proven to relieve dry, cracked skin and to promote the growth of new skin cells to prevent future dryness. Apply several times a day as needed for healthy feet that feel soft and hydrated. Fragrance free. Not tested on animals and contains no animal ingredients. Made in the USA.

- Each tube contains 4.2 oz
- Dermatologist recommended

*How Borage oil maintains healthy skin:

The Borage oil found in Salk's Diabetic Foot Cream is extracted from the seeds of the borage plant, borago officinalis, a wildflower commonly known as the blue starflower. The borage plant contains 24% gamma-linolenic acid (GLA), an anti-inflammatory. The borage plant is the richest known source of GLA, and borage oil has been used for thousands of years for its medicinal qualities. Borage oil is the fundamental ingredient in all DiabetiCare™ formulas.

Cream & Lotion

DiabetiCare™ Intensive Diabetic Skin Cream

Clinical research shows diabetics are commonly deficient in Gamma-Linolenic Acid (GLA), an essential fatty acid needed to create and maintain healthy skin cell membranes. Salk's DiabetiCare™ Intensive Diabetic Skin Cream delivers GLA directly to skin cells, relieving dry cracked skin in just days while promoting the growth of healthy new skin cells. Use our diabetic skin cream like any other lotion for healthy skin that feels soft and hydrated. Fragrance free. Not tested on animals and contains no animal ingredients. Made in the USA.

- Each tube contains 3.5 oz.
- Dermatologist recommended

*How GLA maintains healthy skin:

The body needs Gamma-Linolenic Acid (GLA), a fatty acid essential to the creation and maintenance of healthy skin cell membranes. Inadequate levels of GLA cause cell walls to retain less moisture. Salk's DiabetiCare™ Intensive Diabetic Skin Cream promotes healthy skin by delivering GLA directly to the skin cells.

DiabetiCare™ Diabetic Hand and Body Lotion

Clinical studies show a connection between diabetes and deficiency in Omega-6 fatty acid, often resulting in severe and chronic dry skin. Salk's DiabetiCare™ Diabetic Hand and Body Lotion is clinically proven to relieve dry cracked skin in just days and promote the growth of healthy new skin cells. Apply our Omega-6 diabetic hand and body lotion several times a day as needed to maintain soft, hydrated and healthy skin. Fragrance free. Made in the USA.

- Specially formulated with Borage* oil
- Each bottle contains 8 oz
